

The Treasure Hunt

Are you ready to try our very first Treasure Hunt? There are 14 clues and each clue will help you put a sentence together at the end. All answers are on this website, so no need to work too hard!

I will show you what I mean. If the first clue was what colour is the mascot of My Cat Club. I would answer Black. I would then write the letter B on a piece of paper, because that would be the first letter of the sentence I need to find to complete the treasure hunt.

TIPS

Sometimes the clue will tell you where to look for the answer on the website. If a clue says that there are poisonous plants. I would then click on the poisonous plant section for the answer.

When you have completed the Treasure Hunt, send your answers to us by email and we will print your name on the site and send you a certificate

Good Hunting Everyone!

1. Some plants are poisonous to cats. The clue is Cowboys and
2. My picture is between the cats Korat and Maine Coon
3. You need to look in two places for this clue. The British Shorthair cat has eyes, which is the same colour of the poisonous day Lilly
4. On the committee who is the Vice Chairperson?
5. The Bombay cat has green and the Siamese has Blue. What are they?
6. This cat does not have a tail
7. Poisonous plants come in many colours. What colour is the Marigold?
8. Who is the Webmaster?
9. What is the name of the very first cat in the Cat Breed Image section?
10. We use LINKS to other societies. This clue is a four letter word for The International Cat Association inc
11. My Cat Club has an office in Dorset and
12. I am a non/pedigree cat also known as Household Pets. I am all white with a black striped tail. What is my name?
13. There are no poisonous plants beginning with this letter. Be careful you have a choice of two. Which one will help you complete the sentence you will find at the end of this hunt?
14. David Hollingsworth is the clubs president and a vet. What letter is after his name and before the word vet?

Congratulations, you have completed the hunt. You should now have made a sentence from all the first letters of the answers. Make sure you send the answer to us by email
